IEEE System, Man, and Cybernetics Society and IEEE Reliability Society announce the Eleventh International Conference on System of Systems Engineering (SoSE) with its vast ramifications in numerous engineering fields such as control, computing, communication, information technology and in applications such manufacturing, defense, national security, aerospace, maritime, energy, environment, healthcare, and transportation. The conference theme is “SoSE and Cyber Physical Systems (CPS), from academia to application and back” We welcome papers on theories, methodologies, and applications of SoSE and CPS in science, technology, industry, and education. Particularly those that deal with the interaction between research institutes, industry, funding and policy makers. What can we do to stimulate both knowledge creation and economic value? Papers should be five to six pages in length, in standard two-column IEEE Conference Proceedings format. We will also accept three-page poster papers (in two-column format). Detailed instructions for paper/poster submission and format can be found on the conference web site (http://www.sose2016.org). Invitations will be made to the authors of the best papers to submit an extended version of papers to the following journals or book chapters for the CRC Taylor-Francis SOSE Book Series:

2. Journal of Enterprise Transformation (http://www.tandf.co.uk/journals/UJET)
3. AutoSoft Journal (http://wacong.org/autosoft/auto/)
5. CRC Taylor & Francis Books Series on SoSE, Mo Jamshidi, Editor
